The Friends of the Pulaski Public Library is an organization whose goal is to support and promote the Pulaski Library. We meet five times a year. In order to achieve our goal, we raise money for the purchase of books, technology, raffle basket items, and supplies. In addition, we plan and sponsor activities and events for children and adults in the community.

A program entitled "Save Energy, Save Dollars" was presented by Linda Brosch from Cornell Cooperative Extension office in Mexico, NY. Held at 7 pm on Nov. 8th in the Snow Memorial Auditorium, the program was attended by 25 community members. Home energy usage, energy action areas and low cost/no cost energy reduction options were among the topics discussed.

Thank you for
attending!
